## **11-12 FORD FIESTA**

### **Upper Class Mesh Grille - 2 Pc**

#### **TOOLS REQUIRED:**

Screwdriver

#### **PARTS LIST**

- (2) Mesh Grilles
- (2) 2' Screws
- (2) #8 U-Nuts
- (2) 2' Flange Offset

#### **Step 1**

Place #8 U-Nut through the 2' Flange Offset as shown in Fig. 1

#### **Step 2**

Place the 2' Screws through the hole on the Mesh Grille and have the 2' Flange hooks facing towards the Mesh grille.

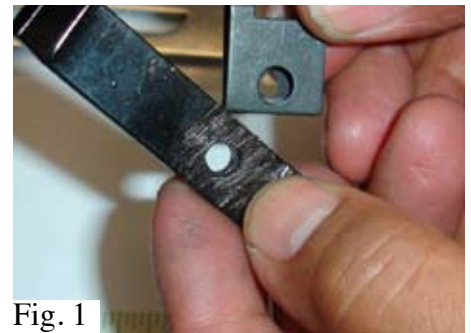

Fig. 1

#### **Step 3**

Place the mesh grille over the factory grille and turn the 2' Flanges sideways so they will go through shown in Fig. 2

Fig. 2

#### **Step 4**

Once the 2' Flanges hook on the factory grille. with another screwdriver or anything that will go through, tweak the Flanges and hold them in place then start to tighten the 2' Screw shown in Fig. 3

Fig. 3

**Installation Complete**
