2006-07 HONDA CIVIC (2 DOOR COUPE) ***UPPER CLASS SERIES MESH GRILLE***

Tools Required:

Phillip Screwdriver (std. & short length)
Slotted Screwdriver
Drill & ¼" Drill Bit
10mm Socket

Hardware / Parts Included:

1 Upper Class Mesh Grille
3 Plastic Fasteners

Read and understand instructions before attempting installation

Step 1

Remove the fasteners holding the radiator cover in place; remove the cover. Remove the bolts securing the bumper cover to the core support (located near the radiator mounts). Pull the bumper cover forward; remove the nine small Phillips screws securing the grille. Now unfasten the molded clips and separate the grille. If a bumper grille is going to be installed; install at this time and then proceed to Step 2.

Step 2

Test fit the grille into the opening (do not insert the lower brackets); if the paint from the bumper cover stands out; a coat of flat black paint will help hide the paint behind the grille on lighter color vehicles.

Step 3

Center the grille in place; secure the lower mounting tabs into the factory mounting holes. Drill three ¼" holes into the bumper cover; aligned with the grille mounting tabs. Secure the grille using the plastic fasteners. Re-install the radiator cover. ***Thank you for purchasing a T-Rex Billet Grille. 10/6/06***
