

09-11 NISSAN FRONTIER

Billet Grille 3 Pc.

TOOLS REQUIRED:

Phillips and Flathead
Screwdrivers

PARTS LIST

(8) #8 - 1 1/2" Screws
(8) #8 U Nuts
(8) 1/2" L Brackets
(3) Billet Grilles

Step 1

PLEASE READ AND UNDERSTAND ALL INSTRUCTIONS BEFORE ATTEMPTING INSTALLATION. The first step of the installation is to remove the factory grille shell from the vehicle. There are 6 plastic pop clips along the top of the factory grille that need to be removed, use a flat screwdriver to pop the clips up and remove (Fig 1). There is one plastic pop at the bottom center on the backside of the factory grille that also needs to be removed (Fig 2).

Step 2

Once you have the 7 pop clips removed you need to unlatch the 6 plastic latches from along the bottom of the factory grille (Fig 3). Use a flat screwdriver to pry the latches loose and pull the factory grille off of the vehicle.

Step 3

Now take the eight 1/2" L-Brackets and install the eight u nuts onto them (Fig 4).

Step 4

Take one of the billet grilles and place it into the correct opening on the factory grille shell (Fig 5).

Step 5

With the billet in the opening, take the #8 1-1/2" screws and insert them through the billet grille and the small square tab with a hole in it (Fig 6).

Step 6

From the backside of the grille, place a 1/2" L-Bracket with the u nut on the 1-1/2" screw. Make sure the L bracket latches over the factory grille and tighten (Fig 7). Repeat this process on the remaining two billet grilles. Reinstall the factory grille onto the vehicle. Installation complete.
